Comments of the Parish Council meeting held on 29th April, 2009.

The Parish Council were split, 5 for and 5 against re the above planning application.

The main concerns of the Councillors' who voted against this development are as follows:-

- 3. Damage to the Commons.**
- 4. Environmental concerns.**
- 5. Light pollution.**

It was proposed and seconded that if a new application was to be submitted for a smaller development, then that might be acceptable.
